Programs with fewer than 5 students enrolled are subject to cancellation.

MONDAYS

Spanish with Josefina

Mondays, 3:30 - 4:30pm

Primary | Limit: 15

Primary students are invited to join MCS's very own Josefina Llodra in a brand new Spanish offering! The program will be a vocabulary and craft based afterschool activity, filled with books in Spanish, sing-along-songs, classic cultural games, and vocabulary incorporation.

Bouncing Bulldogs Jump Rope

Mondays, 3:30 - 4:30pm

Primary Elders - Grade 6 | Limit: 25

Jump back in for another session with Bouncing Bulldogs! Staff will guide students using jump rope to promote physical activity, activate the mind and body, and develop youth leaders by reinforcing critical thinking, problem-solving skills, positive and effective communication, and service to others. This option is available for both students who have previously taken the class as well as new participants.

Supplies: Close-toed shoes (no Crocs, Tevas, or boots), clothes that are easy to move in.

TUESDAYS

The Scrap Exchange: Uncommon Thinkers

Tuesdays, 3:30 - 4:30pm

Grade P2 - Grade 3

"Uncommon thinkers reuse what common thinkers refuse." J. R. D. Tata

Our favorite Durham craft community will be partnering with us for the rest of the school year! The Scrap Exchange staff will facilitate an arts program using recycled and reusable materials from their warehouse, with students creating new from old each week.

Snapology: Engineering

Tuesdays, 3:30 - 4:30pm

Grades 1 - 6 | Limit: 14

Come build super-cool models that use gears, axles and pulleys. Work in teams under guided instruction to build a different model using LEGO® bricks each week. This class is designed for children of all ages and building abilities to build together. Classes include free-building time to promote creativity.

Dance with Sabine

Note: Previous registrants must re-enroll for the new semester. They will have first priority. This is a semester-long program with a cost of \$350. There is a 50% discount to students currently enrolled in Late Day on the same day.

Tuesdays, 3:30 - 4:30pm

Grades 3 - 8 | Limit: 16

We are eager to continue the year-long offering of Dance! All of the different styles, techniques, instructional and personal choreography they learn and create throughout this year-round program will culminate in live performances at the end of the session. Supplies: Clothing that is easy to move in.

WEDNESDAYS

Snapology: Junior Engineers

Tuesdays, 3:30 - 4:30pm

Ages 4 - 6 | Limit: 13

Come build super-cool models that use gears, axles and pulleys. Work in teams under guided instruction to build a different model using LEGO® bricks and K'nex® each week. This class is designed for all abilities to build together. Classes include free-building time to promote creativity.

Triangle Chess

Wednesdays, 3:30 - 4:30pm

Grades 1 - 8 | Limit: 25

Triangle Chess and Coach Zach will be back on campus for another session. Each week students will be guided through various elements and strategies of the intricate game. As students progress through the semester, there may be opportunities to join in local tournaments.

This option is available for both students who have previously taken the class as well as new participants.

West African Drumming

Wednesdays, 3:30 - 4:30pm

Grades 3 - 8 | Limit: 15

MCS is excited to share that accoladed musician Will Ridenour will be rejoining us on campus to share his passion and teaching of West African Drums. Students will be learning the history and cultural significance of the instruments while simultaneously learning how to care for and use them.

THURSDAYS

Outdoor Adventures with Adam

Thursdays, 3:30 - 4:30pm

Primary | Limit: 15

This offering takes advantage of the outdoor spaces on campus, both ones we visit regularly in-class as well as some places your student may not have explored yet. Kids will have free play, learn to build structures, observe local and native plants and animals, and so much more.

Supplies: Students will be outside, rain or shine - please pack appropriate clothing for all weather. We encourage backpacks to easily carry items to and from their classroom.

Yoga with Taylor

Thursdays, 3:30pm - 4:30pm

Lower Elementary | Limit: 15

Taylor will continue to offer Yoga to our Lower Elementary students! This class will focus on foundations in breathing, centering, visualizing, and movement, and encourage kids to take what they learn home with them throughout their week.

Supplies: Yoga mat if you have your own. We will provide some if not. Clothes that are easy to move in.

Badminton with Sabine

Thursdays, 3:30 - 4:30pm

Grades 3 - 8 | Limit: 12

Sabine will be instructing a course on the basics of badminton, both in the gym and out on the sport court. This program welcomes both returning students and beginners. Be ready to sweat and laugh your racquet off!

Supplies: Clothing that is easy to move in. Close-toed shoes (no Crocs, Tevas, or boots)

3D Modeling with Levy

Thursdays, 3:30 - 4:30pm

Grades 3 - 8 | Limit: 12

3D art class is a fun way to explore and create art. We will make tridimensional art using different materials such cardboard, paper, aluminum foil and clay.

We will learn about structures and techniques and how to build things. This class explores the process of sculpting, molding and carving.

Some projects include: Soap carving, foam carving, Kirigami and more.

FRIDAYS

Dungeons & Dragons (ROLLING ENROLLMENT from Fall 22 - NO NEW SIGNUPS)

Fridays, 3:30pm - 5:45pm

Grades 6 - 8

Dungeons & Dragons *Build an Adventure* is a unique opportunity to take your students on a collaborative storytelling adventure that will reinforce language arts, problem-solving, and interpersonal skills as they explore fantastic realms, undertake challenging quests, and weigh daring choices in a world brought to life by their own imaginations. Students and teachers do not need prior knowledge of D&D to set out on this learning adventure. They just need imagination and a collaborative spirit!

(Please note: If the program ends before 5:45 pm, students will join Late Day until pickup.)
